

Appreciation from Our Supporters...

“Thank you for enriching our lives with beautiful music! ... I look forward to being together again.”

“We have always enjoyed every performance that we attended. Not only did we listen to very capable musicians, but the conductor filled the room with incite about the musical piece, but unexpectedly released a bit of humour. A very worthwhile entertainment experience.”

“We, as South Towners, have thoroughly enjoyed attending your very high-quality orchestra concerts and guests. We appreciated your luncheons bringing us closer to the conductors, musicians, and along the way, making new acquaintances. Thank you for creating wonderful cultural experiences. Best wishes for continued success bringing music to the community.”

“My husband and I have watched the ASO grow from it being a very good community orchestra to an excellent orchestra that could rate tops with any other!”

“The Symphony has been a catalyst for an array of cultural arts activities in Amherst and much credit goes to all the hardworking and committed volunteers.”
